

StudentsStudent Welfare

Pupils shall not be released from school on the request of any person who visits the school for that purpose, except with the permission of the principal or assistants. No pupil shall be excused by a telephone call unless the principal can determine definitely the source of the call. Nothing in this rule shall prevent the school from sending home a child who is ill.

No students shall be excused from school during the course of the school day unless the principal is assured of parental knowledge of the dismissal.

The principal will arrange for telephone contact with parents or guardians of students who are absent from school to assure parental knowledge of the absence and to protect the well-being of the student.

Date of Adoption: June 16, 2014
